

Daniel Farrow – Web/Multimedia Development Director

Objective

My objective is to obtain a dynamic and challenging position in an interactive agency which allows me to utilize and expand my experience in account management, user experience design, project management, system design and architecture, and web multimedia development. I want to work with creative and interesting people to build great experiences for users.

Experience

2008–Present Brownstein Group, Inc. Philadelphia, PA

Web Development Director

- Lead the development efforts and manage the web development team (of interns, FTEs, and consultants) at the Brownstein Group
- Mentor and train developers, create procedures/processes to facilitate Brownstein Group development efforts, lead code reviews, etc.
- Coordinate and manage external vendors and consultants to deliver technology solutions
- Help develop pitches, proposals, budgets and timelines for client projects
- Develop/review creative concepts for interactive applications/interfaces
- Interface with both technical and non-technical personnel to develop concepts, gather requirements, solve problems, facilitate projects, etc.
- Develop functional requirements specification documents, system architecture documents, test plans, technical documentation, etc.
- Develop web applications using a wide variety of web technologies, software frameworks, and design patterns
- Design and administer databases using SQL Server 2000/2005, MySQL, SQLite
- Experience with JavaScript frameworks such as jQuery, YUI, MooTools, swfObject, swfAddress, etc.
- Extensive experience with ActionScript (2,3) development and libraries such as Tweeners, TweenLite, Papervision 2, etc.
- Experience with Rich Internet Application technologies such as Adobe Flex and Microsoft Silverlight (including custom component development)
- Manage and administer multiple IIS web sites running under Windows Server 2000 and Windows Server 2003, Apache 2.1
- Set up and administer version control systems for our development team.
- Develop custom-built and off-the-shelf Web CMS solutions (such as Ektron CMS400.NET, Umbraco, SilverStripe, etc.)
- Construct on-line eCommerce sites utilizing COTS (ProductCart) and web ASP solutions (such as Volusion, NetSol eCommerce, Yahoo! Stores etc.)
- Continually keep abreast of emerging trends and learn new technologies to help clients achieve their technology objectives
- Ensure technology solutions are delivered with high quality, on time and within budget

Experience (Cont.)

2006–2007 Digitas-Health, Inc. Philadelphia, PA

Senior Developer

- Architect and Develop cross-browser compatible, valid, SEO friendly web applications using XHTML, ASP.NET (1.1, 2.0), VB.NET, C#, JavaScript, CSS, XML, XMLHttpRequest and related technologies
- Use Flash, Flex, and Object Oriented ActionScript (2, 3) to create CD-ROM and web based applications and interactive tools
- Use JavaScript frameworks to provide rich, cross-browser compatible web experiences (i.e. Scriptalicious, Prototype, MooTools, etc.)
- Use Photoshop, Illustrator, Freehand and Fireworks to format and create graphics for web and desktop application projects
- Develop kiosk and tablet based multimedia applications using Flash and the .NET framework
- Design and Develop database systems to support web applications using Oracle 9, SQL Server (2000, 2005), SQL, T-SQL, SQLite
- Develop timelines and requirements documents for client projects

2004–2006 Fabian-Baber, Inc. Springfield, PA

Web/Multimedia Development Consultant

- Lead technical direction of the Multimedia Design and Development Team
- Communicate with clients and manage project resources throughout all phases of the project life cycle
- Convert client requirements, ideas and content into actual applications.
- Develop proposals, timelines, and requirements documents for client projects
- Design and develop educational games and multimedia applications using Macromedia Flash 8 and Director MX 2004
- Use Macromedia Director, Flash 8 and Flash Communication Server for multimedia development
- Make extensive use of Actionscript 2.0 for multimedia development in Flash 8, including Flash/XML integration and Object Oriented Design

1999–2006 Vioworks Bensalem, PA

Web/Multimedia Developer

- Develop web-based streaming video / slide presentations with learning assessment tests using Flash 8 and Flash Communication Server
- Create CD-ROM based multimedia learning applications incorporating video, audio, 2D / 3D animation, text and graphics for Continuing Medical Education purposes
- Design user interfaces for web sites and CD/DVD multimedia projects
- Create web pages using hand coded HTML, Microsoft Visual Interdev, XHTML, JavaScript, DHTML, CSS, ASP.NET, PHP, and Perl
- Design database schema, implement using SQL (MS SQL Server, Oracle)
- Developed usability testing methods according to the Usability Engineering Life Cycle (including user task analysis, observation and surveys) to support the software development group
